March 11, 2021

Dear Parents/Guardians,

I am writing today to let you know about a schedule change for our schools for next week. This schedule change is due to The Somersworth School District holding an onsite COVID 19 closed vaccination clinic for all of our staff. We are excited that providing our staff with the vaccination, will allow us to continue to move forward in our plans to increase in person learning opportunities for our students.

The closed pod vaccination clinic for our staff will be held on Wednesday, March 17, 2021. The schedule for students for next week will be as follows:

Monday, March 15th and Tuesday, March 16th will be student days as planned. Free breakfast/lunch will be served to students in person and also available for pickup at the Idlehurst side building entrance from 7am-11am and SHS cafeteria entrance from 8am-10am.

Wednesday, March 17th will now be a no school day for students and a professional development day for staff. Staff will be receiving their first vaccination shot on that day. There will be no breakfast/lunches available on this day.

Thursday, March 18th and Friday March 19th will be full remote learning days for all students. We are doing remote days in anticipation that some staff might experience minor side effects from the vaccination. Free breakfast/lunch will be available for pickup at the Idlehurst side building entrance from 7am-11am and SHS cafeteria entrance from 8am-10am on these days.

On Monday, March 22nd, we will return to the present school model. If you have any further questions, feel free to contact your child's school for additional information. Thank you for your continued support during these challenging times.

Sincerely,

Dr. Robert Gadomski
